7.1 Precautions for safe handling	
Technical measures	: Static electricity may accumulate and ignite suspended dust
	causing an explosion.
	Provide adequate precautions, such as electrical grounding
	and bonding, or inert atmospheres.
Advice on safe handling	: Do not breathe dust. Do not swallow. Avoid contact with eyes
	Handle in accordance with good industrial hygiene and safety
	practice. Keep container tightly closed.
	Minimize dust generation and accumulation.
	Keep away from heat and sources of ignition.
	Take care to prevent spills, waste and minimize release to the
	environment.
Hygiene measures	: When using do not eat, drink or smoke.
	Wash contaminated clothing before re-use.
7.2 Conditions for safe storage, inc	luding any incompatibilities
Requirements for storage	: Keep tightly closed. Keep in a cool, well-ventilated place.
areas and containers	Be stored in accordance with the particular national regulation
Advice on common storage	: Do not be stored together with the following product types:
	Strong oxidizing agents
	Organic peroxides
